Sir,

As per submitted credentials of M/s Madhav Alloys Pvt. Ltd. & joint visit done by our Material Engineer and EPC Contractor representative Mr. S.P. Mishra ( Manager – QA/QC) on dated 30<sup>th</sup> May 2017, based on factory visit following observation are below:-

1. Manufacturing of Jyoti brand billets under BIS certification (IS-2830:2012) from iron ores is available as per clause no. 1009.3.1 of MoRTH 5<sup>th</sup> Revision. For getting quality billets an Ultra Advanced Steel Melting Shop (SMS Division) is also available.
2. Reinforcement steel of different bar diameter of Fe 500 & Fe 500 D are produced from in house manufactured billets in this factory and are being supplied to different National Highway Project work etc.
3. In house Lab for Mechanical Testing & Chemical Testing are available and regular quality check is going on in this factory as per codal provision.
4. Calibration certificate of testing equipment are satisfactory and updated as per requirement.
5. As per IS 1786-2012 test facility are available in this factory.

Hence based on the above observation M/s Jyoti steel (Madhave Alloys Pvt. Ltd.) works- Vill Akalgarh, Amloh- Bhadson Rd. near Toll Plaza Distt. Patiala, Punjab is provisionally approved for procurement of reinforcement steel of different grade like Fe-500 & Fe-500D for said subject Highway Project.

You are advised to make ensure that before delivery of each lot of reinforcement steel at project site testing of reinforcement steel at factory may be done with Authority's Engineer representative as per codal provision.
